

# Central Skills Integration Analysis Tool

- Use the tool below to analyze a lesson plan, project, task, or activity and determine how (or if) a central skill is taught and/or practiced.
- Mark the Taught and Practice columns with: **(E)** if the skill is **explicitly** taught and/or practiced; **(I)** if the skill is **implicitly** taught and/or practiced; and (—) if the skill is not evident in the lesson, project, task, or activity.
- Locate evidence in the lesson plan, project, task, or activity that supports your analysis.

Central Skill	Taught	Practiced	Evidence (Where? How?)
Critical thinking			
Communication			
Processing & analyzing information			
Self-awareness			
Problem-solving			
Navigating systems			
Adaptability & willingness to learn			
Respecting differences & diversity			
Interpersonal skills
