

NOW AND THEN

Directions: Think about your health care experiences **now** as you are an adult and **then** when you were a child. Write your answers to the questions below. Then discuss with your class.

<p style="text-align: center;">Now (As an Adult)</p>	<p style="text-align: center;">Then (As a Child)</p>
<p>1. Which health professionals have treated you as an adult patient?</p>	<p>1. Which health professionals treated you when you were a child?</p>
<p>2. Where do you go for health treatment?</p>	<p>2. Where did you go for health treatment?</p>
<p>3. Do you get regular checkups? How often do you see a doctor for a regular checkup? How often do you see a dentist for a regular checkup?</p>	<p>3. Did you get regular checkups? Did you see a doctor? Did you see a dentist? How often did you get regular checkups?</p>
<p>4. Do you treat your own and your family's health problems? Which ones? How?</p>	<p>4. Did your family treat their own health problems? Which ones? How?</p>
<p>5. Where do you get your medications? Do you buy over-the-counter or prescription medications?</p>	<p>5. Where did your family get their medications? Did your family buy over-the-counter or prescription medications?</p>
