

### Julie Asks About A Child's Dosage

*Directions:* Put the sentences in the right order. The first one is done for you.

	Julie goes to the drug store to buy over-the-counter medicine for Levi.
1.	Julie's 8-year old son Levi has diarrhea.
	Julie goes home and gives her son the correct dose of the medicine.
	Two days later Levi is still sick, so Julie calls the doctor.
	The pharmacist explains the dosage to Julie and tells her to call the doctor if her son still has diarrhea in two days.
	Julie is not sure what the dosage for children should be, so she asks the pharmacist for help.

**Julie Asks About A Child's Dosage – Answer Key**

*Directions:* Put the sentences in the right order. The first one is done for you.

2.	Julie goes to the drug store to buy over-the-counter medicine for Levi.
1.	Julie's 8-year old son Levi has diarrhea.
5.	Julie goes home and gives her son the correct dose of the medicine.
